

HD optics 6X Sightseeing rangefinder measuring meter 2 in 1 precision 600m smart laser  
Golf telescope rangefinder

# TR1 Scenic Telescope Rangefinder

Sightseeing Rangefinder 2 in 1  
1200m precision measurement 6x HD optics  
Comfortable one-handed control

Goniometric  
distance

HD  
Video

Accurate  
measurement

Compact  
and portable

## Product Feature □

This series product is a portable laser ranging telescope with magnetic. small in appearance, light in weight, comfortable to hold, and easy to carry.

This has a built-in high-adsorption magnetic strip, which can be firmly attached to the metal parts of the golf cart, which can be taken and placed at any time, which is more convenient. The This series adopts TOF (Optical Time of Flight) technology to realize flagpole locking and ranging functions, and ranging functions, and add flagpole locking vibration prompt and angle switch functions.

The G series has the characteristics of long range, high measurement accuracy, fast measurement speed, intuitive distance display, and low power consumption. It is an intimate assistant for golf, mountaineering, hunting and other outdoor measurement activities.

## Product Description

---

## **Ergonomic design**

## **Easy one-handed control**

Ergonomically designed with a trapezoidal structure to suit the human hand. the small compact body fits better in the palm of the hand and operates smoothly without wobbling, making it easy to travel with.

# Rangefinder + Telescope

## Measuring and sightseeing

### Two machines in one

The TRI is an innovative design that can be used as both a rangefinder and a telescope, making it ideal for both professional surveying and leisurely sightseeing.

## High Definition Optical System

### Brighter and clearer images

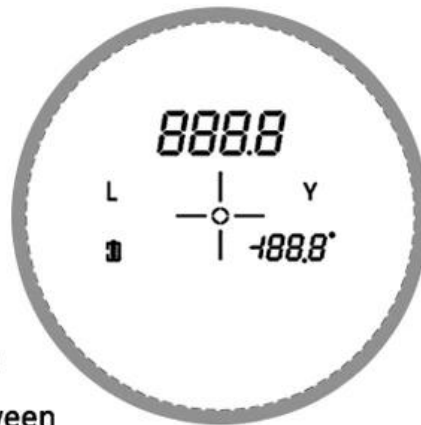

The lens is customised with high-definition multi-layer coating, with less than 3% aberration, and the ultra-clear optical system makes the image clear and without dark corners, reproducing all the colours and sensations, giving users a comfortable experience.

## Multiple measurement modes Competent in more areas

With its own acceleration sensor,  $\pm 0.5\text{m}$  measurement accuracy, distance and angle data can be measured in seconds. Multiple measurement modes: linear, horizontal, vertical, golf elastography compensation, speed measurement mode, different occasions, one key easy to convert.

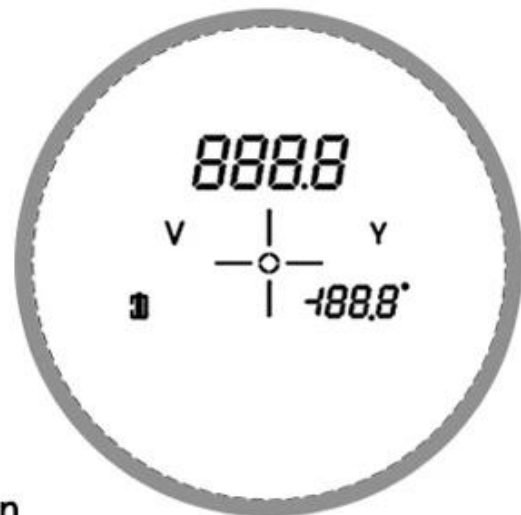

### Straight line distance **L** mode

The value of the linear distance between the observer and the target object.

### Horizontal distance **H**-mode

The value of the horizontal distance between the observer and the target object

### Vertical distance **V** mode

The relative vertical distance between the observer and the target object.

### Speed measurement **SP** mode (only for 1200m version)

In this mode, the system measures and intelligently calculates the object movement speed.

## **USB lithium direct charging Low power consumption for long life**

Built-in 420mAh Li-polymer battery, ultra-low measured power consumption, up to 210 minutes of continuous use on a full charge, USB standard charging port, stress-free charging for worldwide fun.

\*210 minutes maximum use time, test data under laboratory conditions at 100m distance, normal light level and 5 seconds/time frequency. In actual use, the measured time will vary depending on the environment.

# Highly translucent LCD screen

## Naked eye viewable

Full optical, low dispersion glass lenses with a transmission rate of over 85% and a wide range of  $\pm 6D$  diopter to suit different users. nearsightedness, farsightedness and presbyopia can be observed with bare eyes.

## **6x magnification** **Beautiful views** **as far as the eye can see**

With its 6x golden magnification and  $6.5^\circ$  field of view, it is the ideal optical configuration for sightseeing measurements within a kilometre, treallowing you to see the world without leaving home.

## **Precise and flexible focusing Fast targeting of objects**

The large diameter soft silicone focusing wheel has a moderate resistance and is easy to adjust. The eyepiece is compatible with both naked eye observation and observation with a mirror, making the experience convenient and comfortable.

Enjoy the beauty of the mirror  
Walking with you

## Leisure tourism + flora and fauna

Bringing you closer to  
the world

## Event Performance

Watch a good game  
Experience it all the time  
Exciting moments

## Outdoor Walking

Know the road ahead of time  
Avoid unexpected hazards

## Construction work

Engineering surveying aids  
Improving operational efficiency

## Golf

Provides accurate data  
Exercise made easy

# Specification

item	value
Model Number	SE-GX600
Telescope Magnification	6X
Laser Wavelength	905 nm
Ranging Scope	5-600m
Angle Ranging Scope	0-90°
Ranging Display Mode	Transmissive LCD display in the field of view
Telescope Object Diameter	25mm
Power Supply	Built in lithium battery
Lens Quality	Multilayer coated
Ranging Error	±0.5m
Exit Pupil Diameter	3.8mm
Working Temperature	-20~50°C
Operating Humidity	≤80%
Ranging Resolution	0.5m
Protection Class	IP54
Angle Display Resolution	0.5°

# Packing & Delivery

Product Size:109\*40\*70MM/4.30\*1.58\*2.76in

Product Weight:189g/6.67 ounce

### Selectech Electronics Co.,Ltd

- Welcome to ShenZhen Selectech Electronics Co., Limited. -- Your power sourcing for smart home and home health&beauty care products, consumer electronics, plastics products! Selectech is 11 years gold supplier in alibaba with trade assurance.

Office room

Team picture (1)

Team picture (2)

- Selectech was founded in Shenzhen in year 2005. Selectech invested factories focuses on production and R&D for smart home, home health care Otoscope&Camera,home consumer electronics. like Alexa Echo Google home control WiFi smart socket plug, USB charger wall socket receptable,smart fast wall charger, universal travel adapter,ENT otoscope,oral camera, USB&Wireless microscope and endoscope,DLP projector,baby monitor ect.

## Our factory

- Welcome to visit our website and factory to know more. We can supply the mould, R&D, custom and OEM/ODM service as per your request! Over 16 years Experiences in manufacturing & business, support customers with good service of rich experience which will save customer's working time to meet win-win!

Professional manufacturer

WELCOME TO ORDER

- Our aim is: "Top quality, Customer benefit firstly". Our company is based on "Credibility", aimed at "Win-Win" and took "service" as bounden duty. All products are strictly followed ISO9001:2008 and met CE, BSI, FCC, UL and RoHS standard.

## Production process

## Customer photoes

- Selectech Electronics is constantly improving itself at the spirit of building brand products and striding towards diversity and scale. Selectech has its own experienced technology engineers, modern management team, strong technical strength, advanced injection and testing machines and perfect quality control system to guarantee the quality, security and punctuality of delivery.

- Looking forward to cooperating with you!  
Selectech is your reliable and the best partner to start your business!

## Certificate

## Our advantages

### Why choose us

	16 years OEM&ODM experience.		Custom-made products and packing as per customer's request.
	Supply free cost samples.		All goods must be passed QA, QC, FQC inspect and test.
	Quickly delivery time. Small qty have stock, Lots qty, it's about 20-25days.		We can supply drop shipping, cheapest and economic Express shipment.
	We can collect all goods to ship for our customers.		Supply after-sales and quality guarantee service.
	With FCC, CE, ETL, ROHS quality certification.		With ISO9001 Quality management system.

## FAQ

1.Can I visit your factory?

Yes, of course you are warmly welcomed to visit our factory. Please inform us in advance.

2. Which payments are acceptable?

We accept T/T, Paypal, Western Union. Escrow, Trade Assurance ect.

3. How fast can I get the quotation?

We usually quote within 24 hours after we get your inquiry. If you are very urgent to get the price, please call us or tell us in your email so that we will regard your inquiry priority.

4.Can you do the design for us?

Yes. We have a professional team having rich experience in USB wall socket and other smart home electronic design and manufacturing. Just tell us your ideas and we will help to carry out your ideas into perfect electronic products. It does not matter if you do not have someone to complete files. Send us high resolution images, your Logo and text and tell us how you would like to arrange them. We will send you finished files for confirmation.

5.What is your terms of delivery?

We accept EXW, FOB, CIF, etc. You can choose the one which is the most convenient or cost effective for you.

6.What about the lead time for mass production?

Honestly, it depends on the order quantity and the season you place the order. The lead time of 500pcs is about 8 working days.

Generally speaking, we suggest that you start inquiry two months before the date you would like to get the products at your country.

7.Can I place sample or small trial order?

Yes, sample order is welcomed for checking product functionality and quality. We also accept small trial order for customer to research their local marketplace.

8. Do your company accept customization service?

OEM/ODM is welcome. We have own factory and excellent design teams, supplying mold tooling and R&D, customize packing, color, logo ect. service.
