

Non-contact infrared forehead thermometer Intelligent digital
Infrared thermometer CE/FCC registered handheld infrared body
thermometer

Infrared Thermometer Specification:

1. Measuring range: 32°C-42.9°C;
2. Accuracy: $\pm 0.2^{\circ}\text{C}$;
3. Response time: <1s;
4. Measuring distance: 3-5cm;
5. Automatic standby: 5s;
6. LCD display;
7. Backlight ON/OFF selection;
8. Data store/recall function;
9. Temperature Alarm Value setting: 37.3°C to default;
10. Storage temperature: -10°C-60°C;
- 12 Operating temperature: 10°C-40°C;
11. Battery: No. 7 battery
12. Product weight: 96g
13. Product size: 145*80*40mm

Packaging & Shipping

Packing Details:

1. Packing Method: Gift Box+PP
2. Power supply: No. 7 battery
3. Net Weight: 100g
4. Dimension: 145*80*40mm
5. Packing size: 16*10*6CM
6. QTY/ctn: 40pcs
7. Carton size: 42*37*20CM
8. WG/ctn: 8kg
