

The Safest Global Travel Adapter ST-901D Type-C PD+QC USB*4 Fast Charger

Multi-Function Global Adapters

Features:

1. Smart Charging Technology. Powerful output 2400mA 3USB + 1 Type C PD QC3.0 support fast charging . Assembled with high quality PCBA built-in Smart IC to identify device automatically to protect from over charging, over current, over voltage and short circuit
2. Efficiency and long lifetime. Using PC+ABS Fire retardant material, temperature resistance, fall prevention, Pure Copper Nickel Plating current to shorten 20% damage, using life expectancy increased by 2 times.
3. Built-in High Quality Fuse. Built-in two original 6A fuse. One operation fuse one spare fuse. Once overload more than 6A, the fuse will be automatically cut off to prevent electrical damage.

4. Wide range voltage. Global standard voltage 100 -240V, Reserve voltage fluctuation space to deal with unstable voltage, let you enjoy travelling.
5. Safety shutter Sockets design. Universal socket 8 Holes for global use, provide with a special child safety shutter to protect user and child.
6. Multi-national standard plus. 4 type of UK/EU/US/AUT plug switched easily universally used in more than 150 countries.

Specification:

Plug type: UK/US/AUS/EU(including German,France)
Input: 100-240 VAC
Output: 30W in total
USB-A charger output□5V/2.4A
USB-C QC charger output:3.6-6V/3A□9V/2A,12V/1.5A
USB-C PD charger output: 5V/3A□9V/2A,12V/1.5A

Power rate: 1100W-110V/2300W-230V

Built-in overcurrent protector with repeat protection life of 10,000 times

2-Year warranty

Patent Protection

Finish□PC Plain□surface without processing)

Material: ABS+PC Fire resistance(94V0 fire rating)

The logo can be printed as you need.

Multi-Function Global Adapters

Packaging & Delivery:

- Gift box, white box, nylon bag, blister and pouch package. And OEM is available.
- Product Size: 62*54.5*68.4(mm)
- QTY/Carton: 100pcs
- Carton Size: 40.5*31.5*31cm,
- G.W: 22 KGS
- Delivery Time: 7~10 days
